Forecast For Southwest England
Issued by Met Office Exeter
at 0400 on Saturday 27 Feb 2021

++ Valid for broadcast between 0600 and 1800

Headline:
Dry and bright days with overnight frosts and fog.

Today:
Any early fog patches will soon clear, leaving another dry and sunny day with light winds. Feeling mild by day, with frost and fog patches developing overnight. Maximum temperature 12 deg C (54 deg F).

Tonight:
Remaining dry this evening with clear skies overnight. Feeling chilly with light winds allowing for frost in prone spots and localised fog patches to form. Minimum temperature 1 deg C (34 deg F).

Sunday:
Any morning fog patches will quickly clear to leave a fine and bright day with plenty of sunshine. Staying mild, with frost and fog patches overnight. Maximum temperature 12 deg C (54 deg F).

Outlook for Monday to Wednesday:
Cloudy at times on Monday and Tuesday with sunny intervals. The odd shower possible in the far west on Tuesday. Outbreaks of rain on Wednesday. Mild throughout with overnight frosts.
